## ABOUT US

Trench Agencies was launched in 2019 with the vision of becoming the preferred purveyor of superior quality products and services to the educational, engineering, hardware, hospitality services, manufacturing sector and beyond.

The fundamental principles of Trench Agencies is comprised of values we honor as entrenched true to South African business principles:

- Growth of local business, suppliers and employees
- Providing uncompromising service and products with personal attention to execution
- To grow and diversify our portfolio of goods and services
- To operate and conduct an ethically sound business and maintain transparency
- To acknowledge and respect the communities and environment wherein we operate

“uncompromising  
service and products”
